

## The new Glòries stop will open for tram lines T4, T5 and T6 on 9 May

- *The same day, the La Farinera and Glòries Meridiana stops will be closed prior to their definitive removal.*
- *The new stop will continue to allow interchange with metro line L1 and is expected to become a major interchange point when the urban bus lines begin to operate there.*
- *It is one of the last major steps in phase 1 of the works to connect the tram along Avinguda Diagonal, with completion of infrastructure work scheduled for the spring and systems and operational testing for the summer.*

Barcelona, 3 May 2024. From 9 May, the new Glòries stop will be opened for tram lines T4, T5 and T6 in its definitive location in front of Design Hub Barcelona (DHub). On the same day, the *La Farinera and Glòries* Meridiana stops will be closed in order to begin the work to definitively remove them.

As of this date, trams will pick up passengers at the new stop in both directions and the pedestrian crossing on the Llobregat side will be opened. This signalled crossing will allow users to access the TRAM platforms and aid the flow of pedestrian traffic from the metro line L1 exit inside the square.

However, the urban development works will continue on most of the Glòries area and part of the tram infrastructure, with access restricted by means of fencing and signage.

The opening of the new station represents one of the key milestones in phase 1 of the works to connect the tram along Barcelona's Avinguda Diagonal, with the infrastructure work expected to be completed this spring ready for operational tests in the summer.

### *Information for users*

In run up to the opening date, TRAM will post staff in the affected area (*La Farinera, Glòries Meridiana and new Glòries stops*) to provide users with information and guidance about the changes. Also leaflets with all the information will be available on the trams. The stops will also be duly signposted with posters and indications and information will be provided over the public address system.

In addition, the ATM, Barcelona City Council and TRAM will be providing information on their websites and social networks.

Example of a poster for the new Glòries stop.

**A partir del  
9 de maig**

**T4 T5 T6**

**Nova ubicació parada**  
**Glòries T4 T5 T6**  
Davant del Disseny Hub Barcelona

**S'eliminen les parades:**

- **La Farinera T5 T6**
- **Glòries a la Meridiana T4 T5 T6**

A partir del 9 de maig, canvi d'ubicació definitiu de la parada de Glòries davant del Disseny Hub Barcelona. S'eliminen les parades de La Farinera i de Glòries a la Meridiana. En la nova parada de Glòries prestaran servei les línies T4, T5 i T6 i es manté l'intercanvi amb la L1 de Metro.

A partir del 9 de mayo, cambio de ubicación definitivo de la parada de Glòries delante del Disseny Hub Barcelona. Se eliminan las paradas de La Farinera y de Glòries en la Meridiana. En la nueva parada de Glòries prestarán servicio las líneas T4, T5 y T6 y se mantiene el intercambio con la L1 de Metro.

From May 9<sup>th</sup>, the Glòries stop will be relocated definitively in front of the Disseny Hub Barcelona. The stops at La Farinera and Glòries on Meridiana will be removed. The new Glòries stop will be served by lines T4, T5 and T6 and the interchange with Metro L1 will be maintained.
